Shawn,

Having still received no responsive documents to this FOIA request that we submitted months ago, NMFS is now clearly violating the requirements of FOIA and we are preparing to take steps to enforce our rights. Please let me know if you have any materials to provide.

Shawn,

I have still received nothing, well over a month since you promised the first interim release.

Good morning. I called and left you a message last week and you were out of the office. I was just provided notice Monday to release the first interim. We are making great progress on the entire request. I will call you to discuss. You should receive the first interim tomorrow.

Shawn,

I still have not received any response to my request. This is not the agreement that we reached. When will we receive materials?
